

The Passover

By faith we kept the Passover

The angel of the Lord is seen with hand raised in blessing on the household with the applied blood of the lamb.

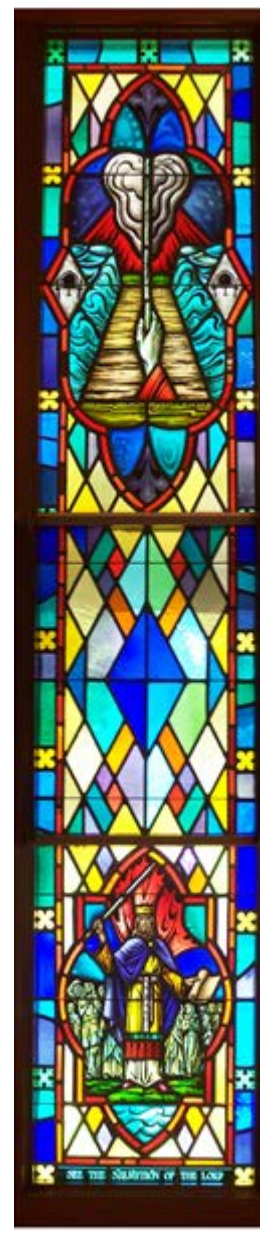

The star at the right shoulder of the angel is the symbol of midnight.

SYMBOLS

The lamb is the symbol of Passover sacrifice.

The basin was used for the blood and the hyssop for the application.

The door posts are seen in the side diamonds.

Moses at the Red Sea

See the salvation of the Lord

Moses stretches his rod over the sea to divide it. The scroll in his left hand represents God's Instruction.

The Israelites are in the background.

Above and behind Moses is the fire that gave light to the Israelites and separated them from the advancing Egyptians.

SYMBOLS

The hand and rod of Moses are at the center.

Above is the pillar of cloud.

The red rays suggest the fire on the far side of the pillar.

The roadway represents the dry path in the midst of the sea with a protective wall of water on each side.

Pharaoh's chariots are symbols of the pursuers.
